

GUNDOOEE POLL DEVONS

2025 BULLS

You are welcome to view a selection of **8 rising 2-year-old registered poll bulls** available for sale this year. Our bulls have been running on the same conditions since weaning. Fed only on pasture until the beginning of June when the early frosts decimated the available grass. Supplementary feeding has begun early July. These bulls are ready to work. They were vaccinated with 7 in 1 early May 2025.

Please contact us by phone or email if you would like to inspect any of the bulls on offer.

Gundooee has been producing Poll Devons since 1956 and are now in a variety of situations and buyers have been impressed with their progeny. We are certain that any Gundooee bull purchased will offer the buyer the same success in their breeding operation.
